⅛" Circle Punch		

Get the Poppin' By Bundle (165489), stamp set and dies, for 10% off.

Measurements

Item	Part of Project	Measurements
Real Red	card base	11" x 8 ½", scored at 3 ¼" and 7 ¾"
Basic White	first layer (five strips)	10" x ½"
Basic Black	second layer	5 ½" x 2"
Basic White	greeting and popcorn box	5 ½" x 4 ¼"
Ribbon	bow	20"

Instructions

1. Fold the Real Red cardstock on the score line to form the card base.

2. Score the Real Red cardstock on long side at 3 ¼" and 7 ¾".

3. Fold the cardstock and attach on the back with Tear & Tape. Add Tear & Tape to one end, then emboss over the closed end with the Mini Corrugated 3D Embossing Folder (this will form closure).

4. Attach first white ½" strip around the centre of the red envelope, meeting ends on the front.

5. Attach two more strips on each side of the first.

6. On the Stampin' Cut & Emboss Machine, die cut largest label from Basic Black card stock and glasses from the scraps.

7. On the Stampin' Cut & Emboss Machine, die-cut the second-largest label from Basic White card stock, leaving room to stamp the popcorn bucket twice —once in Daffodil Delight and once in Real Red. Die cut both popcorn buckets.

8. Fussy cut over top of red popcorn bucket and attach on top of yellow bucket with liquid glue. Add glasses.

9. Stamp the greetings with Tuxedo Black Memento Ink on right side of the white label.

10. Stamp popcorn around the label in Daffodil Delight.

11. Use the bullet tip of the Basic Black marker to draw over eyes on all popcorn and inside glasses on popcorn bucket

12. Attach both layers together.

13. Attach the label to the front of the wrap with the stripes with Stampin' Dimensionals.

14. Attach the popcorn bucket on top.

15. Punch hole through both layers of the wrap on the open end and pull ribbon through.

16. Insert the popcorn packet into the open end, allowing it to push the ribbon into the wrap. Tie knot on the end. You can now pull on the knot to remove the popcorn.
